About Me

Hello, My name is Jignesh Patel. I'm an IT engineer. I graduated from the GTU in 2022. I describe myself as a passionate developer who loves coding, open source, and the web platform. Build web applications with web development best practices. Transform app designs into front-end code with HTML, CSS, and JavaScript. Work with back-end developers to integrate UI components with APIs and databases. I love combining the worlds of logic and creative desing to make eye-catching, accessible, and user-friendly websites. I'm excited to make the leap and continue refining my skill with the right company.
